

AWARD WINNER!

Risk Management Service of the Year 2025

Extract from the award publication:

Extract from the award publication: In any industry there are always organisations that stand out from their peers and set the standards that others in their field have to aspire to achieve. First established back in 2011, **Ubique Risk Management** is an organisation that certainly meets this criteria leading the way when it comes to risk management services throughout the UK.

E2 Media Award of Excellence

The E2 Award of Excellence celebrates and recognises the outstanding achievements of businesses of all sizes not just in the UK but across the globe. The Award of Excellence showcases their successes shining a spotlight on their remarkable stories. Whether a budding startup demonstrating growth, an established business setting new industry standards, or an individual making a significant contribution in their field, winning the Award of Excellence is the perfect accolade. Ubique Risk Management Limited has earned recognition as the E2 Media Award of Excellence – Risk Management Service of the Year 2025 and has been awarded the prestigious title.

Award Publication

In any industry there are always organisations that stand out from their peers and set the standards that others in their field have to aspire to achieve. First established back in 2011, Ubique Risk Management is an organisation that certainly meets this criteria leading the way when it comes to risk management services throughout the UK. They have made quite a name for themselves over the years establishing a well deserved reputation as one of the rising stars of the industry and if the last few years are any barometer of what the future holds then there are many successful chapters yet to be written in the Ubique Risk Management story.

The reputation they have is fully justified and is now beginning to earn them more tangible forms of recognition. In the prestigious Corporate Vision Security Awards they were given the prestigious accolade of being named Best SME Security Service. The award was well deserved and has further cemented their reputation as one of the absolute leaders in their field. Following on from that success we are delighted to announce that Ubique Risk Management are the latest recipients of one of our Awards of Excellence being named our Risk Management Service of the Year for 2025.

With our awards we think it's important to recognise organisations that are bringing something new and innovative to their marketplace. They don't necessarily have to be the biggest but they have to be an organisation that is trying to offer something different to what is already out there and above all they must offer a great product or service. We feel that Ubique Risk Management ticks all the boxes and are worthy winners of our award. The awards are clearly no accident and will come as no surprise to anybody that has worked with them. In this edition we will try and give you an insight into the work that they do and the success that they've enjoyed.

There are many factors but first and foremost they are good at what they do with the entire team sharing the same steadfast determination to maintain the high standards that have become such a trademark. So who exactly are Ubique Risk Management and what is it that they do? They are a team of experienced professionals that provide a range of services that include being risk management specialists, project managers and specialist trainers.

They have a proven track record over many years successfully working with organisations in a range of sectors including local authorities, healthcare, manufacturing, corporate and the nuclear industry. Their clients have the peace of mind of knowing they are working with a team of experienced professionals that bring decades of operational experience and knowledge and are flexible enough in their approach to tailor their service to the specific needs of their clients. They never cut corners or compromise on the quality of the outstanding levels of service that they've been able to deliver with such remarkable consistency.

Whether it's project assurance, auditing, technical analysis, counter terrorism, security management, security design, nuclear non-proliferation, emergency preparedness and response or specialist training they will leave no stone unturned in their determination to deliver the best possible results for their clients. The fact that they are held in such high regard by those clients speaks volumes not only about the quality of the service they provide but also the honest and ethical way they operate.

The challenge for Ubique Risk Management in the future as their reputation grows and the demand for their services increases will be to maintain the high standards that have seen them make such a name for themselves. Given their track record we think it's something that they will achieve and that Ubique Risk Management is a name you'll be hearing much more of in the years to come.
